

Contractual Considerations for Nuclear Transports

Meb Vadiya, NTS General Counsel

Samantha Croker, NTS Legal Counsel

NTS - End to End Transport Services

Contracts – Roadmaps to Success

- Clarify who is doing what activities.
- Provide an understanding of risks and risk mitigation.
- Satisfy regulatory and compliance requirements.
- Liability.
- Dealing with unforeseen circumstances.
- Control e.g. safety, security, safeguarding.
- Price.

Contract Phases

- Phase 1: Pre-Transport
- Phase 2: The Transport
- Phase 3: Unforeseen circumstances

Phase 1: Pre-Transport

1. What is the intended outcome?
2. Do you have the correct facts?
3. Are the right people doing the right activities?
4. What are you paying for?

Phase 1: Pre-Transport

1. What is the intended outcome?

Phase 1: Pre-Transport

2. Do you have the correct facts?

Phase 1: Pre-Transport

3. Are the right people doing the right activities?

Client: Why did you do that?!

Project Manager: Moving the rock is not in our scope of work.

Phase 1: Pre-Transport

4. What are you paying for ?

Phase 2: The Transport

1. What is the most appropriate route?
2. What are the Safety & Security requirements?
3. Where and when are the handover points?
4. What are the stakeholder engagement requirements?

Phase 2: The Transport

1. What is the most appropriate route?

Phase 2: The Transport

2. What are the Safety & Security Requirement?

Phase 2: The Transport

3. Where and when are the handover points?

Phase 2: The Transport

4. What are the stakeholder engagement requirements?

Phase 3: Unforeseen Circumstances

1. What if there is damage to or loss of cargo?
2. What are the impact of delays and cancellation?
3. What if there is a nuclear incident?
4. How do we protect the Public?

Phase 3: Unforeseen Circumstances

1. What if there is damage to or loss of cargo?

Phase 3: Unforeseen Circumstances

2. What are the impact of delays and cancellation?

Phase 3: Unforeseen Circumstances

3. What if there is a nuclear incident?

Phase 3: Unforeseen Circumstances

4. How do we protect the public?

Conclusion

- **Complex**
- **Multiple stakeholder**
- **Mutually beneficial working**
- **Pre-Transport, Transport & Unforeseen Circumstances**
- **Clarity of obligations and responsibilities**
- **Manage risk**
- **Liabilities**
